CENTER OF ATTENTION—Mrs. Jacqueline Kennedy and children Caroline and John Jr. posed for photographers at the Swiss resort of Gstaad where the crush of newsmen and curious onlookers brought protests on the first day of the former first lady's vacation visit. The session was set up with the understanding that the family's privacy later would be respected.

CONTROVERSIAL—Civil rights forces are protesting exclusion of Julian Bond from the Georgia House of Representatives because of his support for sharp criticism of U.S. policy in Viet Nam. One of eight Negroes elected to the house last November, Bond also has the attention of federal authorities investigating the possibility of sedition in his statements.

POSSIBILITY—The name of Mrs. Indira Gandhi, daughter and close confidant of the late Prime Minister Jawaharlal Nehru, often crops up in speculation on future Indian prime ministers. She has been president of the ruling Congress party and most recently has been serving as information minister.

THEY'RE ALL WET—Ann-Margret and Tony Franciosa are covered from head to toe with clothes and water as they indulge in a double shower in this scene from the new comedy, "The Swinger."

Mary Tudor, because of the persecutions which took place during her reign as English queen, is sometimes called "Bloody Mary."

First active jockey to be admitted to the Jockeys' Hall of Fame was Eddie Arcaro, who made it on the first ballot.

CALL IT QUILTS—Christine Keeler, central figure in Britain's sex scandal which brought the downfall of former cabinet minister John Profumo, said she had separated from her husband of three months, engineer James Levermore, above, because they had no common interests and he expected too much of her. She is expecting a baby.

Lester B. Pearson was the first Canadian to win the Nobel Peace Prize.

Charles Darwin, the English naturalist, is buried in Westminster Abbey.

A message from Southwestern Bell—Arkansas

Southwestern Bell—Arkansas' only business is to give you the kind of communications services you need—and want.

We know that our service isn't judged by statistics. It is judged by customers who expect their telephone service to be better today than it was yesterday and better tomorrow than it is today.

To live up to the expectations of our customers, Southwestern Bell will do many things in Arkansas during 1966 to make telephone service better than ever before.

\$26 MILLION TO BE SPENT

We will spend more than \$26 million to expand and improve service throughout the state. In doing this, we'll provide a boost to the economic progress of all Arkansas.

Such an economic boost took two forms in 1965. Besides a construction program totalling more than \$25 million, to provide new buildings, equipment and outside plant, Arkansas telephone users benefited from three major rate reductions.

These three reductions, on interstate and intrastate long distance calls, color tele-

phones, mileage, and various other charges, will save Arkansans an estimated \$1.2 million.

An additional benefit Arkansas telephone users are realizing now is the big reduction in the federal excise tax on their telephone bills. The former 10 per cent tax on local and long distance service dropped to 3 per cent on January 1. Further reductions of 1 per cent a year on January 1 in 1967, 1968 and

1969 will eliminate this tax entirely, and will save Arkansas telephone customers \$6 million annually, or about \$500,000 a month.

We expect to add over 30,000 new telephones throughout the state in 1966—enough to serve a city the size of Pine Bluff. You'll be able to call more people and more places than ever before.

We will make your telephone service more reliable by adding to our present network about 50 miles of stormproof buried telephone cable. Such cable and amplifier buildings, with a capacity to handle up to 450 telephone conversations at one time, will link Little Rock and Stuttgart with one of the most reliable communications pathways anywhere in Arkansas.

MAJOR PROJECTS OUTLINED

We will complete or undertake major expansion projects in Fort Smith, Fayetteville, Pine Bluff, Little Rock and North Little Rock and scores of equally important projects in many other Arkansas cities and towns.

Just a few days ago we announced construction plans for an eight-story building in downtown Little Rock, to meet long-range communications needs in Little Rock-North Little Rock and in Arkansas. This project will include an extensive exterior and interior renovation and refurbishing of the existing downtown building.

We will provide Direct Distance Dialing (DDD) for telephone users in Hope, Ashdown, Mena, Nashville, Bodcaw, Fayetteville, Bentonville, Eureka Springs, Gravette, Springdale, Hindsville, Fort Smith, Van Buren and Natural Dam. With DDD, these people will be able to dial their own long distance calls as easily as they now dial local calls.

We will provide dial mobile telephone service for the first time in eight Arkansas cities. This service, a vital aid to professional people and many kinds of businesses, will be offered in Little Rock, North Little Rock, Pine Bluff, Jonesboro, Forrest City, Springdale, Rogers and Fayetteville during 1966.

Yes, 1966 will be a busy year for the more than 3,400 telephone people in Arkansas. Our objective is to see that your service measures up to what you think it should be.

As I said, our only business is to give you the kind of communications services you want—and unexcelled anywhere.

HELEN HELP US!

— by Helen Bottel —

Adult Version of Child's Game

Dear Helen: This man I used to know very, very well is a cross between a monkey and a donkey (which is the polite way of saying it). He mooched off me for three years — I even fed him when he was too cheap to take me out for dinner. He embarrassed me at parties with his high-jinks — and I do mean "high!" And he thought he was the answer to a woman's prayer.

Well, I put up with it & when he got ready to dump me, he didn't even have the decency to let me know. I just saw him with another woman, asked around, and found he'd moved in with her.

Well, I can tell HER something about HIM that would curl her fake eyelashes. I'm about to write her a letter and spill it all. Why not let her know she didn't get any bargain? — Glad He's Gone.

Dear GHG: "Pin the tales on the donkey" is for kids. If you want him back, backbiting is not a way to get him. If you're REALLY glad he's gone, why get in a snit because he dumped you first? Shurg, smile, and circulate! — H.

Dear Helen: I am the father of two girls, and I also have a wife. That puts me in your husband's category — one male against three chatterboxes. They are beautiful, lovable, charming — and they never run down. How does YOUR husband hold up under the constant talk talk talk? — Fellow Man

Dear Fellow: You shouldn't have asked that question because you got one of my husband's famous answers. Sez he: "To get a little peace and quiet — I tune in "Combat" on TV! He's Kidding. . . I think. —H.

Punching bag Romance

Dear Helen: I know a woman whose husband smacks her. Oh, all in fun of course; he whacks her on the back and brushes her and is "oh, so sorry," or he somehow happens to get her in the eye or cheek with an elbow. Or he pinches her so hard it leaves marks. Once she had a swollen jaw and another time a black eye. He was "shadow boxing" she said, and she sort of "walked into a punch."

She's not kidding anybody. She knows he's a sadist, but she won't leave him. When I tell her marriage is not meant to make a legal target of one person for another, she just smiles and says she is very happy. Comments? — Eileen

Dear Eileen: No comment. When his happy punching bag wants advice, she'll ask for it. —H.

Dear Helen: Why oh why oh why does our 55-year-old son get "C's" in arithmetic when he can catch me up on the most complicated allowance problem without even using paper and pencil? He knows the last mill just how much in arrears I am, and which of his brothers owes him how much, plus interest. — How Come?

Dear How: It is a matter of answered.

interest. With personal arithmetic — there's something in it for him. If he understands math, I wouldn't worry too much about the age-11 doldrums. Most boys live through them. — H.

Country Club Planning New Clubhouse

"The Hope Country Club is 30 years old this year," Mitch LaGrone told the Hope Rotary Club last Friday, and plans for a new clubhouse have been completed with construction to begin in the immediate future." In a brief review of the club's history, the speaker said that R. M. LaGrone, Jr. was its first president, and he told of other Rotarians who have held offices at the Country Club, also.

There are now 179 members of the Hope Country Club, including associate members, and the golf course is one of the finest in the state, the Rotary Club was told. The new clubhouse will cost approximately \$110,000 and will include a steam room, a ball room, and other facilities now being enjoyed. It will be located southwest of the current clubhouse and part of the golf course will have to be changed. Plans for the construction were shown and questions were answered.

The program was arranged by George Robison and he introduced the guest speaker. The Rev. Bob Carney of Lewisville was a visiting Rotarian, and James McLarty was also a guest. Rotarian B. N. Holt announced the Chamber of Commerce banquet would be February 4 and urge the Rotarians to attend.

Faubus Named an Adviser

WASHINGTON (AP) — Gov. Orval E. Faubus is among 26 public officials named by Sargent Shriver, director of the Office of Economic Opportunity, to an advisory group on anti-poverty programs.

Shriver said the officials will help "in expanding out programs and enabling us to work with state and local governmental organizations in an atmosphere of understanding and cooperation."

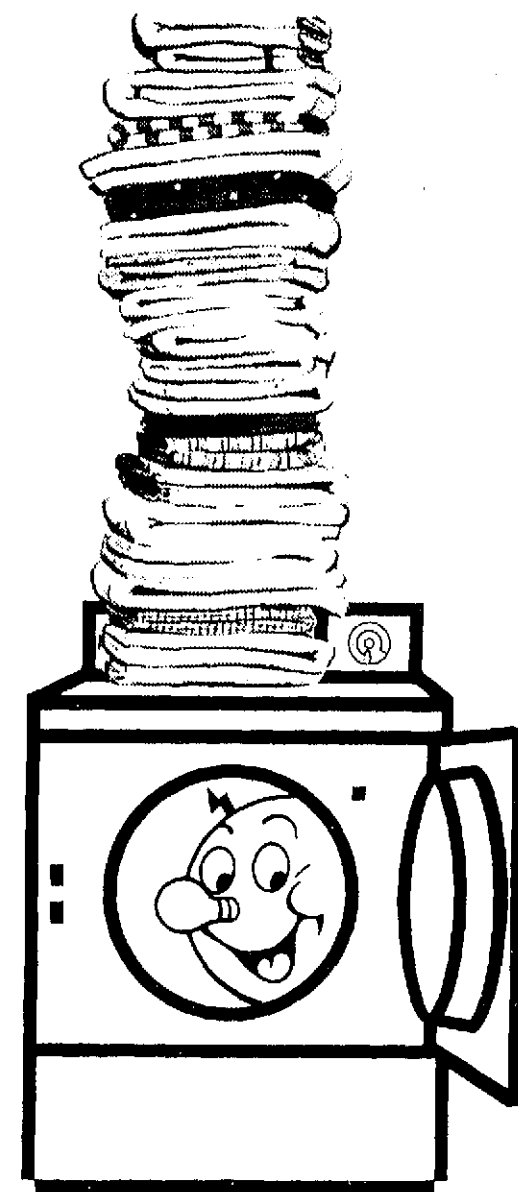

Mrs. Annie Bankhead of Little Rock, was named to a second advisory group, made up of 28 community representatives.

Lema Winner of the Rich Crosby Meet

By JACK STEVENSON
Associated Press Sports Writer
PEBBLE BEACH, Calif. (AP) — Champagne Tony Lema will get a bubbly recommendation from the winner of the \$104,500 Bing Crosby Tournament if he ever decides to quit the pro golf tour and start teaching the game.

Lema, who ran into trouble with his own game in Sunday's final round, was in a threesome with Don Massengale of Jacksboro, Tex., and when the Texan moved ahead of the pack, Tony supplied the counsel which helped stand off Arnold Palmer's famed charge.

"Tony was extremely helpful as the pressure built up," the 28-year-old Massengale said at the finish. "He helped calm me down, and a couple of times told me 'you have everything under control...let them chase you.'"

So while Lema soared to a 79 and 293, Massengale beat off the Palmer challenge and defeated the all-time money-winning champion by one stroke with a 70-283.

Palmer shot a 71 on his final round and the double bogey he took at the first hole of the Pebble Beach course eventually proved his downfall.

Lema collected \$1,200 for his effort but hopes to earn more this week playing in the Lucky International Open at San Francisco near his hometown of San Leandro.

Massengale and Palmer will be there for the \$50,000 Lucky Tournament starting Thursday over the Harding Park Municipal course.

Palmer already has won \$19,100 in the two tournaments he has played this year — the \$11,000 winning purse at Los Angeles, \$6,200 for finishing second to Massengale in the Crosby duel and \$1,900 for a third-place finish in the pro-amateur division of the crooner's silver anniversary clambake. He teamed with his business manager, Mark McCormack.

Chuck Courtney and Dr. John Moier a dentist, won the pro-am in a playoff against Bill Martinale and San Francisco businessman Bob Roos. Each team finished 72 holes with best-ball totals of 255.

As the pros had problems with errant shots, Dr. Moier carded a bogey which with his handicap stroke gave his team the victory and Courtney \$4,000. The dentist received a silver dish.

Massengale pocketed \$11,000 for beating the monster Pebble Beach course. There also were other benefits for a fellow who never before had won a major Professional Golfers' Association tournament.

He'll get a \$1,000 guarantee for the Tournament of Champions in Las Vegas and a \$600 guarantee plus a trip to England for the Carling World Tournament. And Massengale will be paired with other tournament champions in future PGA events.

Massengale started four strokes off the third-round pace of Al Geiberger, caught and passed him with fantastic putting on the first nine holes and then held off his challengers.

When Massengale bogeyed three of the first five holes on the back nine, the battle went to the 17th hole with the Texan just one stroke ahead of his challengers. Palmer had dropped putts of 14 and 20 feet on the 15th and 16th holes to burst into contention.

Massengale parred the 190-yard 17th and then won on his gamble at the 18th. He had to hit his third shot under a tree limb and over a trap and he did it, winding up four feet from the hole and putting in for his only birdie on the back nine.

Central Still Rated Tops in Basketball

By THE ASSOCIATED PRESS
Little Rock Central, which averaged its only loss by defeating Fort Smith Southside Saturday night, retained its No. 1 position in this week's Associated Press high school basketball poll.

The Tigers had 96 points and 6 first-place votes to edge unbeaten Harrison, which got 94 points and 4 first-place votes from participating Arkansas sportswriters and sportscasters.

Mountain Home moved up one notch to third. The top 10 was rounded out with Pine Bluff, North Little Rock, Paragould, Fort Smith Southside, White Hall, Hot Springs and Little Rock McClellan.

Hot Springs and McClellan displaced El Dorado and Little Rock Hall in the standings.

Southside went into the Central game rated No. 3. The Rebels, who dropped to seventh this week, also lost Tuesday in a 48-47 double overtime decision to Springdale. Southside is now 10-3 and Central is 17-1.

Second-ranked Harrison, 22-9, has held runner-up spot in 4 of the 6 polls this season, but faces one of its stiffest tests Tuesday night against No. 3 Mountain Home. The Bombers are 20-1 and unbeaten in Arkansas, with West Plains, Mo., holding the only victory.

Central meets Hall Friday night and Conway Saturday night.

Pine Bluff moved two places to fourth on a victory over North Little Rock, although the Zebras dropped a game to McClellan last week.

New Records Posted in Track Book

LOS ANGELES (AP) — Two world indoor records, one by John Pennel in the pole vault, went into the books today as the track and field contingent headed for the famed Millrose Games in New York Thursday night.

Pointing toward Madison Square Garden, along with Pennel, were distance runners Kipchog Keino of Kenya and Jim Grelle, triple jumper Art Walker and sprinter Charlie Greene, all of whom starred in Saturday night's Los Angeles Invitational Meet.

A sellout crowd of 13,419 jammed the Sports Arena for the action. Pennel boosted the pole vault record to 16 feet, 9 1/2 inches on his first attempt after easily clearing 16-5, his starting point.

The old mark of 16-8 3/4 was held by Pentti Nikula of Finland. Pennel failed in three tries at 17-1/2.

Grelle, veteran 29-year-old miler from Portland, Ore., scored the upset of the evening when he came from far behind to defeat Keino in the mile. Grelle ran it in 4:00.9 and Keino in 4:01.8.

But the 26-year-old African, playing the Iron Man role, came back later to win the two-mile in 8:42.6, after a spirited battle with John Lawson of Kansas and Gaston Roelants of Belgium. Lawson was second in 8:43.0 and Roelants third in 8:47.6.

Walker, formerly of Morehead State in Kentucky and released from the Army last Friday, broke the world triple jump mark with a leap of 53-8 1/2. Michael Sauer of Germany held the record of 53-1/4.

National collegiate champion Green of Nebraska equaled the world standard of 5.9 in the 60-yard dash.

White Hall came up one to eighth, trouncing Dollarway in its only game; while Hot Springs impressed the pollsters with victories over Springdale and Jacksonville to move into the top 10 at ninth.

No. 10 McClellan spent one week out of the standings but jumped back in with the triumph over Pine Bluff.

Results of the poll, with first-place votes in parentheses and total points at right:

1. Little Rock Central (6) 96
2. Harrison (4) 94
3. Mountain Home 71
4. Pine Bluff 52
5. North Little Rock 51
6. Paragould 45
7. Fort Smith Southside 44
8. White Hall 21
9. Hot Springs 15
10. Little Rock McClellan 11

Others receiving votes, in alphabetical order: Altheimer Bay, El Dorado, Greenbrier, Jonesboro, Leachville, Little Rock Hall, Texarkana and Valley Springs.

Hope Finally Turns Back Lumberjacks

By LARRY DON WRIGHT
Hope Star Sports Writer

The Bobcats finally turn back the mighty Warren Lumberjacks 70-67, Saturday night after fighting pall and mail for four full quarters in a game that went right down to the final buzzer.

The game sent the teams' district won - lost records to a fifty per cent, Hope with a 3-3 record and Warren now standing 2-2. The win also boosted the Bobcats season mark to 8 wins and 5 losses.

Having trailed by nine with just over three minutes remaining, the Cats evened things up at 65 all with only a minute and fifty one seconds left. Warren scored next to go ahead by two.

Hope brought the ball down fast but Bobby McGill was fouled and went to the line with one and one, and the chance of tying things up. However an official ruling subtracted the possibility of a second shot for delay of game in attempting the free throw. McGill did nevertheless sink for the one point and brought the Cats to within one.

Donnie Ingram took the ball after Warren was unable to score and sacked the winning points with his patented driving jump shot just in front of the free throw line to put the Bobcats ahead, 68-67, and only thirty three seconds showing on the clock.

McGill added two more foul shots to Hope's total having been fouled after the buzzer sounded. Hope had led most of the way through the first half although the lead did change hands a number of times. At one point just before intermission the Cats had an eight point advantage, the greatest difference between the two teams throughout the first three periods.

Warren led after one quarter 16-14, by the aid of a field goal which slipped in just as the period ended. Hope went out front for halftime, 38-32, but fell behind by a score of 52-47 going into the last eight minutes of play.

For the second night straight the Cats found themselves up against some comparatively taller boys but as on Friday night they answered the call with hustle and aggressiveness under the toga girls by a 44 to 27 score boards. This time they outrebounded the opponents 34-26.

Ingram had high point honors brushed by Blevins by a score of 67 to 56.

nis Ramsey had 17, Larry May had 12, McGill sacked for 9, and Stan Parris tossed in 8.
The Bobcats will meet the Malvern Leopards before taking on Waldo in a non-conference fray Saturday.

Alworth Is Honored as Pro Athlete

LITTLE ROCK (AP)—Lance Alworth, the All-American Football League flanker of the San Diego Chargers, has been named the outstanding Arkansas professional athlete for 1965.

A panel of 10 Arkansas sports writers chose the former University of Arkansas halfback as the winner of the Charles T. Meyer Foundation Award.

Alworth, who led AFL pass receivers in reception yardage with 1,602 yards, received 27 1/2 points in the voting which was based on three points for first, two for second and one for third.

Baltimore third baseman Brooks Robinson of Little Rock was second in the balloting with 18 1/2 points and golfer R. H. Sikes of Springdale was third with 10 points.

Bradley and Bright Star Win Tourney

In the finals of the Saratoga National Basketball Association tournament Saturday night the Bright Star girls downed Saratoga by a 44 to 27 score.

In the boys game Bradley Ingram had high point honors brushed by Blevins by a score of 67 to 56.

Duke Has an Old Score to Be Settled

By MURRAY CHASS
Associated Press Sports Writer

Duke's Blue Devils will have an old score to settle and their No. 1 national ranking to protect when they clash with North Carolina State this weekend.

"We new we would have a pretty good ball club," Duke basketball Coach Vic Bubas said recently, "but to think that we would be 14-1 at this stage of the season, well, that was asking too much."

It was a little bit too much last season, too, when North Carolina State pulled one of the major upsets of the year, beating Duke in the finals of the Atlantic Coast Conference tourney and knocking them out of the NCAA tourney and a shot at the national championship.

Nearly 11 months after that upset, the teams meet at Duke Saturday in the first of two regular season games.

The Blue Devils lead the ACC with a 6-1 record while State is second at 4-2. Both have been idle — because of final examinations—since Jan. 15 although State plays Tennessee Wednesday night.

While the ACC crown won't be at stake when the teams clash Saturday, Duke's No. 1 ranking will be.

Second-ranked Kentucky, one of two undefeated teams in the country, resumes play after a week's break with games against Louisiana State tonight and Auburn Saturday. The Wildcats are 12-0.

Texas Western, the other unbeaten, also gets back into action this week, meeting Arizona State Wednesday and West Texas State Saturday. The eighth-ranked Miners, 12-0, haven't played since Jan. 6.

Only two members of the Top Ten played Saturday night. Third-ranked St. Joseph's recovered from a loss to St. John's, N.Y., for a 79-69 triumph over Penn., and Kansas, No. 6,

also came back after a loss at Nebraska for a 69-61 victory over Kansas State.

Michigan, pre-season choice as the country's No. 1 team, posted its sixth straight victory, defeating Minnesota 97-85. The Wolverines haven't lost since they snapped a three-game losing streak that dropped them out of the Top Ten. Cazzie Russell led the latest victory with 40 points.

Cincinnati continued its comeback in the Missouri Valley Conference, edging Louisville 67-65. Dean Foster dribbled the length of the court and flipped in a 10-foot hook shot in the last second, giving the Bearcats a 13-2 record over-all and second place in the conference.

Nebraska, the Big Eight Conference leader, assured itself of a winning season for the first time in 16 years by crushing Oklahoma 86-78. The Cornhuskers now are 13-2.

Iowa dropped Michigan State out of a tie with Michigan for the Big Ten lead, whipping the Spartans 90-76.

Oregon nipped Oregon State 61-60, but State remained in a first-place tie with UCLA and Stanford in the Pacific Athletic Conference because the game did not count in the conference standings.

Suicide to Be Investigated

WASHINGTON WANTS SUICIDE PROBED—U.S. Embassy officials in Moscow said today they are under orders from Washington to insist on a "full investigation" into the reported suicide of Newcomb Mott, above, Mott, 27, of Sheffield, Mass., under jail sentence for entering Russia illegally, took his life in a train restroom while enroute to a Siberian prison, Russian officials reported. Happenings in World on Weekend

By THE ASSOCIATED PRESS

The future course of the war in Viet Nam continued to pose questions. Some aspects of U.S. plans remained veiled in mystery.

The Allied lunar New Year truce ended Sunday at 6 p.m.—5 a.m. EST—and one minute later Allied forces resumed "normal operations" with U.S. Marine artillery attacks in three places.

A U.S. spokesman said the Viet Cong had violated the truce 82 times, claiming five American lives. The spokesman said the Allies "rigorously observed" their 78-hour truce, firing only when the Viet Cong initiated action.

In Washington, Secretary of State Dean Rusk said there has as yet been no decision whether to resume bombing North Viet Nam. Rusk said he had not received any response from Hanoi to the bombing pause. Roving Ambassador W. Averell Harriman also said that the North Vietnamese have shown no willingness to negotiate. Harriman said he believed the Soviet Union is very much embarrassed by the war and would like to end it as soon as possible.

Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, told senators in committee testimony released Saturday that a permanent halt in the bombing of North Viet Nam would weaken efforts to achieve a negotiated peace. The Pentagon said Wheeler was in accord with the month-long pause in the bombing as a means to persuade the Communists to negotiate. His remarks, said the Pentagon, were aimed at a former colleague, retired Gen. James Gavin, who advocated a permanent cessation of the bombing.

Last November, Newcomb Mott, 27, a book company representative from Sheffield, Mass., was sentenced by a Soviet court in Murmansk to 18 months in prison. The charge was illegally crossing the border from Norway.

Snow, Freezing Rain Batters Much of U.S.

By THE ASSOCIATED PRESS

Snow and freezing rain whipped by gale-force winds battered Eastern sections of the nation during the weekend while bitter-cold temperatures stung the midcontinent.

At least 12 persons died of heart attacks, attributed to shoveling snow or pushing stalled cars in the Eastern storm.

With an overnight freeze, many areas seemed likely to have snowdrifts around for a while, but under mostly clearing skies.

The Eastern seaboard's first big storm of the winter caused coastal flooding, power failures and hazardous highways Saturday night and Sunday.

The storm hampered plane and bus transportation. Railroad trains got through.

New York City declared a snow emergency to help clear its 6,000 miles of streets.

The Buffalo, N.Y., suburb of Lancaster reported a two-foot snowfall. In Buffalo, where 17.6 inches of snow fell in 24 hours, the airport was closed and a public and parochial school holiday was declared today.

In New York's Lower Bay, the British tanker Chelwood Beacon battled 40- to 45-knot winds and 25-foot seas as the vessel went around a half-mile east of Sandy Hook, N.J.

The wind and sea abated early today, and 12 crewmen and a harbor pilot remained aboard the craft, which was declared out of immediate danger. Thirty-nine crewmen were taken off the 665-foot vessel.

High tides, up to six feet above normal, swept into low-lying coastal areas.

Nearly 100 persons were evacuated from their homes in New Jersey.

Forty-two persons were evacuated before flooding on New York's Staten Island, where several thousand persons were without power for a few hours when high winds knocked down utility lines.

Sections of Connecticut felt the lash of rain, sleet, snow, high winds and high tides. Milford was one of the hardest-hit areas, with more than 100 persons being evacuated from their homes. Snow depths ranged up to 12 inches in Norfolk.

Snow tapered off Sunday night in New England, with partly cloudy skies predicted with temperatures ranging from the 20s to the upper 30s.

Two men, in Rhode Island and Massachusetts, died of heart attacks Sunday while shoveling snow.

At least eight persons died of heart attacks while clearing snow or pushing stalled cars in upstate New York.

Ohio, which had as much as 13 inches of snow in Marietta, reported a number of traffic-related auto accidents with several fatalities, and at least one death from a heart attack while shoveling snow.

Virginia had up to 13 inches of snow over the weekend, with freezing temperatures today and schools closed in several western counties.

Western Maryland staggered under 18 inches of snow with three-foot drifts. A 10-mile section of U. S. 40 was closed to westbound traffic for several hours Sunday when even a snowplow became bogged down.

West Virginia, with up to 18 inches of snow, reported drifts of 10 feet. Schools were closed in 11 counties.

In North Carolina, an unexpected storm dumped four feet of snow on 4,000-foot Table Rock Mountain, stranding eight Explorer Scouts and five adults. Two Scout leaders hiked several miles for help and the group was rescued Sunday night.

Tennessee dug out from under its first major snow storm of the season Sunday, but a cold wave made the task difficult. Schools were closed in at least 33 of the state's 95 counties.

A Bruceton, Tenn., man died of a heart attack after shoveling snow.

New Mexico, in the grip of a cold wave, reported a state low of -6 Sunday.

Arkansas, with weekend temperatures well below freezing, remained under a blanket of snow which fell Friday.

Temperatures over the northern Plains again fell into the 20- to 30-below-zero range early today and the subzero belt intensified eastward into Wisconsin and Illinois.

International Falls, Minn., on the Canadian border reported 34 below; Fargo, N.D., -31; Minot, N.D., -30; and Minneapolis -14.

Readings in Wisconsin and northern Illinois were around the 10-below level.

Negro Spirituals

Although many of the Negro spirituals have been arranged and interpreted by known composers, their words and music are traditional and their individual authorship is not known.

3 Counties in Diversion Plan

LITTLE ROCK (AP) —Three Arkansas counties, Boone, Cleburne and Fulton, are among 87 in the nation selected by the Agriculture Department for the 1966 cropland diversion program.

Under the program farmers receive financial assistance to convert land from production of surplus crops to conservation.

Viet Nam Is Back on Full War Footing

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — U. S. and South Vietnamese forces set out with renewed vigor to search out the Communists in several major operations today after a lunar New Year truce that brought scant peace to Viet Nam.

As the 3½-day Allied truce expired at 6 o'clock Sunday night, U. S. Air Force planes went into action and struck a Viet Cong main force. A forward air controller estimated 190 Communists killed, a U. S. spokesman said.

The ground thrusts brought no immediate significant contact with the guerrillas, but the spokesman said several major search and destroy operations

were shaping up. Twenty-five F100 Supersabers made the big strike in two waves at 6:25 p.m. and 7:40 p.m. against a Communist encampment 35 miles southwest of Saigon in the Mekong Delta. The jets came under heavy ground fire, but there were no losses, the spokesman said.

He said they destroyed 30 buildings, damaged 35 and set off a secondary explosion that may have indicated a hit on a fuel or ammunition dump.

U. S. Marine artillerymen opened fire a minute after the Allied truce ended. The four-day Viet Cong cease-fire expired seven hours later, but the Communists brushed with South Vietnamese forces in a number of minor skirmishes before then.

The Viet Cong raised a new threat against their U. S. prisoners by demanding the release of three terrorists who were arrested with 265 pounds of explosives Jan. 7 in a plot to bomb a U. S. military billet in Saigon.

A Hanoi broadcast said the United States and South Viet Nam would "have to bear full responsibility" if they imprisoned, tortured or executed these "patriots."

The Communists issued such warnings before their reported execution of three American prisoners last year in reprisal for executions by the South Vietnamese. The Viet Cong statement implied that a similar fate might befall the 22 Americans last reported held by them.

Watts Plea Rejected by High Court

WASHINGTON (AP) — The Supreme Court rejected today an appeal that contended hundreds of persons arrested after rioting last August in the Watts area of Los Angeles were not provided adequate counsel.

The appeal was filed by the legal defense fund of the National Association for the Advancement of Colored People. It said the Los Angeles County public defender's office had been swamped by the load of providing legal counsel for indigent persons among about 4,000 arrested.

The appeal said California courts refused to appoint outside lawyers to aid the defendants, and many defendants had no counsel at arraignments at which bonds were set.

A separate motion by the defense fund asked a stay of all California state court proceedings against the arrested persons. This motion was denied by the Supreme Court last Dec. 6.

Senators Can Serve Out Terms, Ruling

LITTLE ROCK (AP) — The Arkansas Supreme Court held today that nine state senators whose districts were unchanged by reapportionment can serve the remaining two years of their terms.

The ruling affirmed a Pulaski Chancery Court decision.

The senators sought a judgment on whether they had to seek re-election this summer even though they were elected to four-year terms two years ago.

The Supreme Court said that reapportionment of the legislature was directed by U.S. District Court to correct inequalities in legislative representation. "There can be no sound justification for corrected action when no inequality exists," Justice George Ros Smith wrote for the court.

The brief opinion noted that the federal court had directed that the members of the legislature be elected in conformity with the reapportionment plan approved last summer by the state Board of Apportionment. "As far as these nine appellates are concerned, that directive has been complied with," Smith wrote.

Smith said that federal courts in Oklahoma and Georgia had sustained the position that legislators do not have to run again if their districts are not changed in reapportionment.

The nine senators filed the suit against Leon Callett, state chairman of the Democratic Party. All are Democrats. They are: Knox Nelson and Morrell Gathright of Pine Bluff, Guy Jones of Conway, Cecil McVie of Piggott, Mrs. Dorothy Allen of Brinkley, Clarence E. Bell of Memphis, J. Lee Bearden of Leachville and Russell Elrod of Siloam Springs.

Last Run by Flyer

ATLANTA, Ga. (AP) — The famed Dixie Flyer has made its last run, ending 81 years of passenger train service between Evansville, Ind., and Atlanta. The Louisville & Nashville train once was filled with tourists from the Midwest, many bound for Florida. The railroad said it had been losing money on the train for several years.

TV Instruction

NEW YORK (AP) — Television instructions for hundreds of college students will begin among the city's colleges and universities on a cooperative basis for the first time in the spring semester. The cooperative program is a pilot project developed by the Council of High Educational Institutions in New York City.

Wanted Him Arrested

SAN MATEO, Calif. (AP) - A soldier's mother has been quoted as telling police: "Go ahead, arrest him. I want him here."

That came from the mother of Ross M. Terrien, an Army specialist fifth class in Viet Nam. She said he had written her that he got a letter saying he had not paid a \$5 parking fine at San Francisco International Airport, and that if he did not post bond within five days he would be arrested.

We are going to give you a chance to be judges today, to decide whether a certain East player was guilty of a bridge crime.

West opened the eight of spades against the doubled three no-trump contract. East played the queen and South won with the ace.

At trick two South led the jack of diamonds which was allowed to hold. The queen of diamonds was played and East had to take his ace.

East played out a second spade to dummy's ten. South finessed a club, returned to dummy with the king of spades and picked up the rest of the club suit. As a rather unnecessary end to the slaughter, South finessed against West's ten of diamonds in order to make five odd and to score 1,150 points.

Had East shifted to a heart when he got in with the ace of diamonds, he would have beaten the contract a trick. West thought that East should have made that play. East felt that he should not lead away from his king-jack combination up to dummy's queen. Make your own decision and then see if it agrees with ours.

We find East guilty. One disadvantage of point count is that it gives a defender an opportunity to count high cards. Dummy held eight points and East 13 so that there were 19 high card points for South and West. South had shown up with eight points in diamonds and spades, and the unknown high cards were the ace of hearts and ace-queen-jack of clubs. It should have been apparent that West held one of the aces for his double and that South had bid on only 15 points.

If West held the ace of clubs, a heart lead would make dummy's queen a winner but that would only be declarer's eighth trick. If West held the ace of hearts, it was up to the defense to take their heart tricks right away.

PHILADELPHIA (AP) — Traffic on the Benjamin Franklin and Walt Whitman bridges between Philadelphia and New Jersey increased by more than five per cent in 1965, says the Delaware River Port Authority. The bridges carried 52,850,066 vehicles in 1965, compared with 50,208,205 in 1964.

DUBLIN (AP) — Ireland, caught in a credit squeeze, has indefinitely postponed building a \$7-million concert hall as a memorial to President John F. Kennedy, a government spokesman said today.

Sources said Prime Minister Sean F. Lemass, facing objections from some Cabinet members, told them that a future improvement in finance might revive the project to build a hall in South Dublin near the new U.S. Embassy.

Lemass told them that no one would interpret the postponement as a slight to the President's memory. The government has postponed or abandoned several smaller capital projects.

WASHINGTON (AP)—Swiss-born chef Henry Haller, 43, takes over Feb. 1 as executive chef at the White House after four years as head cook at the fashionable Sheraton-East Hotel in New York City.

"I regard Mr. Haller as probably the finest chef in New York

City and one of the finest in the country," Mrs. Lyndon B. Johnson said Thursday.

The White House has been without a chef since French-born Rene Verdon quit in a dispute Jan. 1.

Haller, a naturalized U.S. citizen who is married and the father of four children, was too busy Thursday night for comment.

He was preparing dinner in New York for 500 guests of the American Society for the Prevention of Cruelty to Animals.

NEW YORK (AP) — Edsel Ford hopes that now that he has won the top prize of the Poetry Society of America people will those other Fords.

Ford, 36, of Arkansas, received the \$3,500 Alica Fay Di Castagnola award Thursday night from the society.

Ford said that every time a poem appears he gets letters from people who mistake him for the late automobile manufacturer.

VATICAN CITY (AP)—Pope Paul VI told a group of American space officials that as man reached to the stars he would come to recognize God as the Creator.

"You are going to recognize God as the author of creation and the laws of love and fraternity predominating in it (the creation)," he said.

The Pope received the group

from the U.S. National Aeronautics and Space Administration in private.

CAMDEN, Maine (AP)—Two Camden housewives who applied for the job of police chief were told to come back when they had five years police experience. But the town may get a woman chief yet.

Mrs. June Kincade, 37, and Mrs. Marjorie Knowlton, 37, were turned down for lack of experience.

Among the 37 applications in the town manager's office is one from a policewoman in Stamford, Conn., with 13 years experience. Her name was not revealed.

Postal Rates Going Up Again?
Postmaster General Lawrence O'Brien, in office only a few weeks, is already considering an increase in postal rates. He told the National Press Club recently that rate changes may be proposed for Congressional approval on account of "vast and costly improvements" planned for the mail service. Dispatches from Washington telling of O'Brien's stated intentions did not give details on the rate increases he expects to request, but if first class postage fails to be one of the first hiked, it will be unusual.

Year by year, postal service in the United States costs patrons more and does less for them. And each year, no matter how the rates are adjusted, the Post Office Department goes into the red. It was never intended that the Department should show a profit on its operations, but with a monopoly of the business it seems as though it should be able to break even now and then. Rates on first class mail today have gone up 150 per cent, while the service to patrons has dropped off at least one-half.

Those with long memories can recall when it cost two cents to mail a letter and there were two deliveries a day. Now the rate is five cents and one delivery and the service windows at most postoffices in the nation are closed a good deal of the time. This is not the fault of local postal officials or the men who sort and carry the mail. The majority of postal workers today are as loyal and dependable as their counterparts half a century ago.

The trouble is somewhere in the policy-making part of the high establishment. And in setting new policies, the new Postmaster General seems to be as short on vision and judgment as his predecessors. He is continuing the policy of taking mail franchises away from railroad passenger trains and putting the mail on Department-owned trucks. There it is subject to delays caused by bad weather, accidents and the traffic snarls that are a major headache in and around every American city.

Meanwhile the loss of revenue to railroads is causing countless passenger trains to be withdrawn from service. This costs railroads thousands of jobs and will work mischief with the nation's transportation system if a national emergency should arise. If better service — say, restoration of two mail deliveries a day — were to be offered in return for higher postal rates, most patrons would not complain. If it would be possible once again to mail a letter in the morning and have it delivered in the same city the same day (as is the case in London and Paris), patrons would feel they were getting something for their money.

But Mr. O'Brien apparently intends to raise rates, put more railroad passenger trains out of business, cause more railroads to lose their jobs, subject the mails to the hazards and delays of highway travel, continue to pile up deficits in the Department and continue to give patrons minimum service. Won't somebody please explain why this should be in terms the American people can understand? — Huntington (W. Va.)

Smokeless Smokes

An article in The Heart Bulletin says there is little hope that cigarette filters can be made that will prevent the harmful effects to the blood vessels caused by smoking. Dr. Grace M. Roth, the author, says that to prevent such vascular effects, filters would have to be made so efficient that no smoke at all would pass through the cigarette. "It is exceedingly doubtful that the average smoker would take kindly to this," she states. Why? In a society that spends millions to sell foods on the basis that they contain no calories, a smokeless smoke seems a sure winner. — Memphis (Tenn.) Commercial Appeal

LITTLE ROCK (AP) — The Little Rock school system will participate in the Joint Council of Economic Education's Project IDEEP program beginning next September.

The program was created to offer intense economic education curriculum work and background material to qualify teachers in instruction of economic education in all grades.

The term IDEEP stands for Development and Economic Education Program.

Medicare Not Accepted Well

LITTLE ROCK (AP) — The Social Security Administration has said the medical insurance program of Medicare is not being accepted very well in Arkansas.

As a matter of fact, the agency said the percentage of acceptance in Arkansas is 82.9, lowest in the nation.

The medical insurance, which covers doctor bills and related services, is supplementary to the hospital care authorized under Medicare. It costs \$3 a month.

SW Arkansas Farm Leaders Meet Here

State and national agricultural affairs will be discussed Thursday (January 27) at Hope by farm leaders.

Officials of Southwest Arkansas County Farm Bureaus will meet at 10:30 a.m. at Town and Country Restaurant to prepare for the annual membership drive of Arkansas Farm Bureau Federation which will be underway the next week.

In addition to state and national legislative matters, the group will hear presentations on leadership, market expansion, and economic services required by farmers.

A section of the program will be devoted to building and maintaining membership.

Scheduled speakers are: Randolph Webb of Mineral Springs and Nicky Hargrove of Stuttgart, members of the Arkansas Farm Bureau board of directors; E. A. Hansen of Little Rock, district agent with the Agricultural Extension Service; and members of the state Farm Bureau staff, W. F. Wright of Little Rock, commodity director; H. T. Baber of Arkadelphia, district director of field services; and Joe Rodman of Little Rock, district insurance sales manager.

The Hope meeting will be one of eight sessions slated for the week to launch the state membership campaign. Arkansas Farm Bureau members of 1965 totaled 51,122.

Food Stamp to 4 More Counties

LITTLE ROCK (AP) — Four more Arkansas counties have been approved for the federal food stamp program, Sen. John L. McClellan said Saturday. The counties are Arkansas, Crittenden, Mississippi and St. Francis.

The program replaces the commodity distribution to low-income families.

Nine counties in the state are already eligible for the program, Independence, Pulaski, Phillips, Perry, Conway, Faulkner, Monroe, Lonoke and Prairie.

Snow Blamed for Traffic Fatalities

By THE ASSOCIATED PRESS
The state's biggest snow of the winter was blamed as a contributing factor in 4 week-end traffic fatalities on Arkansas roads.

The Associated Press count covered the period from 6 p.m. Friday to midnight Sunday.

It was snowing when Billy Vines, 15, of St. Francis (Clay County) died in a train-pickup truck collision near Piggott. Authorities said the victim, son of Mr. and Mrs. Austin Vines, was alone in the truck.

Lisa Lou Horton, 2, of Berryville, was killed Saturday night when her father's car skidded on U.S. 62, 16 miles west of Harrison, and collided with a car driven by Jim Wilson, 23, of Harrison. The parents, Mr. and Mrs. Bobby Horton, and another Horton child, were injured.

Mrs. Carrie Henderson, 73, of De Queen, was killed Saturday night when her car slid off U.S. 71 south of Mena. She was thrown from the car.

Mark Crow, 19, an Arkansas State College student from Reclor, was killed Friday night when the car he was in went off Arkansas 146 near Stuttgart. Two other Arkansas State students were injured in the accident, which happened during a light snow.

Prescott Man Seeking Harris' Job

PINE BLUFF, Ark. (AP) — Charles L. Honey of Prescott, a former aide to Rep. Oren Harris, D-Ark., has announced as a candidate to succeed the Arkansas congressman in office.

Harris will be sworn in as a federal judge Feb. 3.

Honey, 27, joined the staff of Sen. J. William Fulbright, D-Ark., in 1960 and three years later became an administrative aide to Harris. He resigned that post last December to enter law practice in Prescott.

Honey said he announced his candidacy here because Pine Bluff will serve as his campaign headquarters.

Darrell Broadway, former Safeway manager in Hope and now manager of the company store in Greenwood, Miss., has been named to receive the Distinguished Salesman Award for 1965. He will be presented the salesman's "Oscar" on Feb. 14 at a company banquet in the Marion Hotel in Little Rock. In the 50 store competition the Hope store had the greatest increase in sale operation for the year. Broadway has been with Safeway for eight years, in Hot Springs, Arkadelphia, El Dorado and Hope. He was promoted to the big Greenwood store October 13.

The Hope and Hempstead County Library will be closed until further notice, according to Mrs. Hazel Pritchard. There will be no charges on books overdue while the library is closed.

117 Persons Die in Crash of Airliner

GENEVA (AP) — An Air India jetliner with 117 persons reported aboard crashed into the snow-covered Mont Blanc range today on a flight from India to New York.

An official of the Italian Air Rescue Center said a search plane had sighted wreckage believed to be that of the Indian airliner about 1,500 feet from the summit of Mont Blanc, Western Europe's highest mountain.

The Italian search pilot reported he could see no sign of life, but the official said the plane was flying to high to report on survivors with any certainty.

He said the wreckage "seemed to be scattered over a considerable area," in French territory. Italian search planes were recalled to their stations to await further orders from the French Rescue Center at Aix en Provence.

The Air India office said the Boeing 707 jet was en route from India to New York with 106 passengers and a crew of 11. Eight of the passengers were bound for New York.

The wreckage was reported sighted near the Vallot Refuge, a mountain hut used by climbers ascending the 15,781-foot peak. Mountaineers said the hut is about an hour's walk from the summit of Mont Blanc and near a glacier.

It was the second Air India plane to crash into Mont Blanc. The first, a Constellation in 1950, also crashed near the Vallot Refuge, killing all persons aboard.

After leaving India, the big jet had stopped at Beirut, Lebanon, and was on its way to Geneva when it crashed. After the stop-over in Geneva, it was to put down in Paris and London before flying the Atlantic.

The flight was Air India's No. AI-101, a spokesman for the airline said.

There had been no indication of any trouble as the plane approached Geneva to land, cutting through a layer of clouds shrouding the city. Above the clouds, the weather was clear.

The Geneva airport said it had been in radio contact with the plane from the time it flew over Turin, Italy, but contact suddenly broke off at 8:02 a.m. — 2:02 a.m. EST.

The Mont Blanc massif extends 30 miles north from the Little St. Bernard Pass along the French-Italian and French-Swiss borders. It is 10 miles wide at its maximum and culminates in 15,781-foot Mont Blanc, Western Europe's highest peak, which is in France.

An Air India spokesman said eight of the passengers aboard the plane were bound for New York 20 were ticketed to Geneva, 54 to Paris and 24 to London.

WASHINGTON (AP) — President Johnson sends Congress today a record \$112.8-billion budget tailored to maintain the momentum of his "Great Society" domestic programs while financing the Vietnam war.

The President's budget message was expected to contain no great surprises. He listed the basic outlines of his spending plans for the next fiscal year in his State of the Union message Jan. 12.

The budget, the President said, calls for spending of \$112.8 billion in the fiscal year starting July 1. The booming economy and extra income from excise tax increases and revision of corporate and individual withholding schedules are expected to boost revenues to \$111 billion, he added.

This would mean a deficit of only \$1.2 billion, the lowest since the \$1.2-billion budget surplus in fiscal 1960 — last full year under former President Dwight D. Eisenhower.

Johnson, both in the State of the Union message and several times since, has said he is determined not to let the cost of the Vietnam war interfere with his domestic program.

He said Jan. 12 he hoped his tax proposals would be sufficient to add: "But if the necessities of Vietnam require it, I will not hesitate to return to the Congress for additional appropriations and additional revenues."

The budget will be the first submitted to Congress calling for expenditures of more than \$110 billion. The budget for the current fiscal year, however, originally estimated at \$99.7 billion last January, has skyrocketed to \$106.4 billion largely because of the Vietnam war.

The White House said last week that the extra government expenditures because of Vietnam would amount to \$4.7 billion this year and about \$10.5 billion next year.

In his State of the Union message, Johnson said that the over-all budget increase of \$6.4 billion included \$5.8 billion attributable to Vietnam and just \$600 million for all other expenditures.

When Johnson disclosed the broad outlines of his budget plans, Republicans and some Democrats immediately charged he had over-estimated revenues and underestimated expenditures — especially those for defense.

"If, on the other hand, events in Southeast Asia so develop that additional funds are required, I will not hesitate to request the necessary sums," Johnson said.

And should that contingency arise, or should unforeseen inflationary pressures develop, I will propose such fiscal actions as are appropriate to maintain economic stability."

WASHINGTON (AP) — President Johnson sent to Congress today a \$112.8-billion budget, by far the biggest in history, with a notice that he may come back for more money and new taxes if the war in Viet Nam gets hot.

He warned also that the military buildup, on top of an expected 7 per cent upsurge in national output, will "raise the threat of price instability" as the booming economy nears full employment.

This inflationary risk makes necessary "some moderate restraint through tax policy," Johnson said. He asked quick approval of the \$4.8-billion step-up of income, corporate and excise taxes already sent to Congress.

These revenues, plus the tax collections generated by an unprecedented sixth straight year of economic growth, Johnson said, will provide \$111 billion of receipts in fiscal 1967 and bring the budget within \$1.8 billion of a balance.

"That would be the smallest deficit in seven years — and it can be achieved," Johnson said, even with a net increase of \$2.1 billion in spending for his "Great Society" programs of education, health, housing and manpower development.

"Inflation need not be the price of social progress; nor should it be a cost of defending freedom," Johnson told Congress.

His blueprint for taxing and spending in the government year starting next July 1 had these further highlights:

Defense — Outlays for over-all defense-related spending will soar to \$60.5 billion, up more than \$10 billion from last year and nearly \$4 billion from this year. Besides building muscle for Viet Nam, the Pentagon will start a second \$400-million nuclear-powered aircraft carrier and begin procurement of the Minuteman III, an advanced intercontinental missile.

Poverty — The second full year of the war on poverty will bring outlays of \$1.6 billion compared to \$1.2 billion this year.

Space — The first downturn in space outlays is budgeted — \$5.3 billion in fiscal 1967 as against \$5.6 billion this year. But this "will sustain our progress in space exploration" and not alter the major goal, a man on the moon in this decade.

Taxes — A small but unexpected further tax boost was proposed — a rise from 5 to 6 per cent in the excise levy on airplane passenger tickets.

Education — Federal outlays for education were estimated at \$2.8 billion, a 23 per cent increase from this year as the new programs passed by Congress in 1965 hit full stride.

Labor — Johnson called on an increase — unspecified — in the \$125-hourly federal minimum wage; urged improvement in unemployment compensation; and renewed his demand for repeal of section 143 of the Taft-Hartley Act, which permits states to outlaw the union shop.

The "Great Society" programs actually are being stepped up by more than \$3 billion, Johnson said, but in several cases — chiefly in housing and education programs — private lending is being substituted for direct federal support.

Moreover, a number of "Great Society" programs have been trimmed below the maximum spending rates authorized by Congress, Johnson reported.

If peace is achieved in Viet Nam these domestic programs can rapidly be increased, he said.
